About Rapides American Job Center

Executive Director's Corner

The Rapides Workforce Development Board is continuously working together collaboratively to meet the needs of job seekers and businesses. As Rapides Workforce Development Board 61, we are determined in our mission to help Rapides Parish residents get to work by providing funding and supportive services for classroom training and on-the-job-training, along with paying for supportive services and hosting frequent hiring events in collaboration with local businesses and community partners. If you are interested in learning more about any of our Business Services, please contact our Business Service Representative, Eric Irby, at 318-487-5547. Each year, we strive and continue to improve our outreach to residents in need.

We are also excited to team up with Rapides Parish Schools and Superintendent Jeff Powell to help launch their first Peabody Pilot Program for 2023-2024. The goal of this program is to help at-risk students team up with business and employer organizations involving a career or trade they take interest in. These businesses will mentor these students throughout their junior year of high school and then facilitate work experience during the summer between their junior and senior year. This helps to ensure those students have had exposure to the workforce prior to graduation and the hope is to increase the number of disconnected youths within our community. For more information, please contact LaRunda Pierce at larunda.pierce@rpsb.us.

We are excited about our new program, Youth Empowerment Services (YES), funded through The Rapides Foundation. This program is designed to assist youth and young adults ages 16-24, who are not working or in school. This program's main goal is to assist in connecting youth and young adults to further their education and/or gain meaningful employment. Our program is essential for advancing our youth and young adults in their educational endeavors, as well as helping them seek out opportunities to impact our community by joining the local workforce through employment.

Central Louisiana Port Facilities Receive \$1.2 Million For Expansion

On Thursday, Nov. 28, the Central Louisiana Regional Port (CLRP) announced its reception of \$1.2 million from the Infrastructure Investment and Jobs Act through the Delta Regional Authority.

DIS-TRAN Packaged Substations Project Support Services Center at the Central Louisiana Regional Port

Photo credit: Crest Industries

The funding will be used for infrastructure expansion at the CLRP to support growing operations for DIS-TRAN Packaged Substations (DTPS), a Crest Industries company.

DTPS designs and builds electrical substations for projects across the United States, and the need to manufacture this type of transmission infrastructure for the national electric grid is at the highest point in decades. The growing demand for DTPS' Factory-Built Substations sparked conversations between company leaders and the port's management team about the need to further develop facilities at the CLRP.

Weyerhaeuser Announces \$96.2 Million Modernization Project to Reduce Carbon Emissions at Dodson Lumber Mill

Weyerhaeuser, one of the world's largest private owners of timberland including 1.39 million acres in Louisiana, announced it is investing \$96.2 million to modernize and decarbonize its Winn Parish lumber mill. The upgraded technology is designed to increase overall safety, productivity and product reliability.

The investment will allow the company to retain 157 direct jobs and maintain an associated annual payroll of more than \$13 million, while reinforcing Louisiana's foothold in the residential construction supply chain.

LSUA and LSU Health New Orleans School of Dentistry Unveil Pioneering Dental Hygiene Program in Central Louisiana

LSUA Louisiana State University of Alexandria (LSUA) and LSU Health New Orleans are thrilled to announce the launch of the first dental hygiene program in Central Louisiana. Working together, LSU Health New Orleans School of Dentistry expanded its Dental Hygiene program to an Off-Campus Instructional Site located in LSUA's downtown campus.

Photo credit: LSUA - Nathan Parish

The dental hygiene program is a two-year Bachelor of Science program that spans students' junior and senior years of college. The curriculum is designed to challenge and empower students, covering courses like Oral Diagnosis, Radiology, and Physiology. Six students are selected each year, ensuring a focused and personalized educational experience. Students graduate from LSU Health New Orleans School of Dentistry.

“Although we are in New Orleans, we serve all of Louisiana – North and South. East and West. Urban and Rural,” notes Dr. Steve Nelson, Interim Chancellor of LSU Health New Orleans. “Because Alexandria is recognized as a Health Professional Shortage area and there is a great need for dental hygienists and improved access to care, we have been working with LSUA since 2019, along with a strong local contingent of dentists, association reps, the Louisiana Dental Association, and the Louisiana legislature to expand our dental hygiene program here. We owe special thanks to Senator Jimmy Harris for putting the funds in the budget and State Senator Glen Womack for helping to keep them in.”

page 1 continued

As we help remove barriers to youth and young adults seeking education and employment, we can also assist in finding resources needed for success. These resources can include housing, mental health and substance abuse counseling, life skills guidance, and even help with necessities such as finding insurance benefits. In the last six months, the YES program has been able to assist over 85 youth and young adults in finding the resources they need for success. If you have any questions or know of any youth and young adults who could utilize these services, please reach out to our Service Navigator, Caitlin Wolff, at 318-449-0448 or CWolff@cenlaworks.org.

Work Opportunity Tax Credits (WOTC)

WOTC is one tool in a diverse toolbox of flexible strategies designed to help move people into gainful employment and obtain on-the-job experience. It joins other tax credits, education, and workforce training and development programs that help American workers with barriers to employment prepare for good jobs; ease their transition from job to job; benefit from the creation of effective regional economic development strategies; and create high performance workplaces.

Fidelity Bonding

The Louisiana Workforce Commission (LWC) offers bonding services for hard-to-place job seekers under the Fidelity Bonding Program. The federal bonding program provides insurance to employers that protects against employee dishonesty and acts as an incentive to hire at-risk applicants, including Returning Citizens (ex-offenders). Fidelity Bonding covers theft, forgery, larceny and embezzlement. Bond insurance issued ranges from \$5,000 - \$25,000 for a 6-month period with **no deductible**. The bond can be issued to employers once the applicant has received a job offer with a scheduled start date.

Louisiana Central goes to SECO

 Louisiana Central's team enjoyed the opportunity to share their workforce initiatives with thousands of students attending SECO (Students Exploring Career Opportunities) in November! Their team was able to engage with students and expose them to the Louisiana Manufacturing Central initiatives, the new Healthcare Career Central website, and the Cenla Work Ready Network!

SECO Expo is an interactive, student-focused event presented by The Orchard Foundation, The Rapides Foundation and the nine public school districts in Central Louisiana served by both foundations designed for students to experience simulations and demonstrations from industries such as information technology, healthcare, advanced manufacturing, construction, finance, and others. It is specifically designed to provide tangible hands-on activities aimed at fostering student engagement and ultimately sparking an interest in future careers.

Empowering Change: Louisiana Prisoner Reentry Initiative's New Chapter in Alexandria

The Louisiana Prisoner Reentry Initiative, Alexandria Region, is embarking on a renewed mission to facilitate successful reintegration for returning citizens. Central to this mission is the provision of comprehensive support in areas like housing, food security, education, employment, and transportation, all through strong community partnerships.

The initiative's approach is to offer holistic support, addressing essential needs:

- **Housing:** Collaborating with housing authorities to provide stable accommodations.
- **Food Security:** Partnering with food banks for access to nutritious meals.
- **Education and Employment:** Connecting with institutions and employers for learning and job opportunities.
- **Transportation:** Recognizing the current limitations in transportation resources, the initiative is actively seeking to work with community partners to enhance transportation options. This effort is crucial in enabling returning citizens to access employment, education, and essential services effectively.

The success of the Louisiana Prisoner Reentry Initiative hinges on robust community partnerships. Local businesses, non-profits, and government agencies are invaluable in creating a supportive network for sustainable reintegration.

The initiative encourages community involvement, emphasizing that a collective effort is vital for effective reintegration. Contributions can range from volunteering and providing resources to advocacy work, each playing a significant role in the initiative's success.

With a focus on these key areas, the Louisiana Prisoner Reentry Initiative, Alexandria Region, is committed to making a meaningful impact in the lives of returning citizens and the broader community.

For more information or to get involved, please contact Anthony Thomas, Community Coordinator at 318-321-0033 or email tony@uwcl.org.

RoyOMartin Celebrates 100th Anniversary

On November 10, 2023, RoyOMartin celebrated the founding of Roy O. Martin Lumber Company, which was legally organized and incorporated in Alexandria, Louisiana, in 1923. Led by Indiana native Roy O. Martin, Sr., the company was borne after the entrepreneur's purchase of an older sawmill and began without a single acre of land.

Today, the trade name RoyOMartin represents a group of vertically integrated companies owned by the Martin family, focused on sustainable land and timber management and wood-product manufacturing businesses.

Photo credit: RoyOMartin

“For 100 years, the Martin family has built a business model demonstrating corporate responsibility benefiting its shareholders, stakeholders, team members, and our families,” states Roy O. Martin III, grandson of Martin Sr., who oversees the company’s operations as Chairman, Chief Executive Officer, and Chief Financial Officer.

About the Rapides American Job Center

The Rapides American Job Center (RAJC) brings "those who need jobs" and "those who need employees" together.

The Rapides Parish American Job Center is a comprehensive AJC that includes the mandatory WIOA partners on-site offering an integrated array of quality services so that job seekers and businesses can conveniently find the help they need under one roof such as scholarship training, training referrals, career counseling, job listings, and other employment-related services for both jobseekers and employers.

Established under the Workforce Investment Act and reauthorized in the Workforce Innovation and Opportunities Act of 2014 (WIOA), American Job Centers (AJCs) are at the heart of the workforce investment system.

The Rapides Workforce Development Board 61 is charged by the Federal Workforce Innovation and Opportunity Act (WIOA) to certify the Rapides American Job Center, as a comprehensive One-Stop Center.
